

**AIMM President's Message 2017**  
**Dr. Janethy Balakrishnan Bokstrom**

We are in the era of Integrative Medicine where the healing knowledge being brought to light is but a rediscovery that was once being renowned but temporarily suppressed. Humbly recognizing the limits of allopathic or non-allopathic medicine as a medical system by itself, visionary medical practitioners remain unfulfilled to present and past accomplishments/accolades and are ever seeking and learning to go beyond the next step.

We at AIMM would like to see this breakthrough which is a more inclusive paradigm for the health benefit of humankind.

We place the patient in the center of the health care system and do not just treat medical statistical data but the patient as a whole in a holistic manner.

Kicking off our category of peer-reviewed Interest Group, Dr. Paramjit and Dr. Rubini will be organizing a seminar on Medical Ozone Therapy in conjunction with our 3<sup>rd</sup> AGM to be held on 26<sup>th</sup> March 2017.

As announced in our home webpage, AIMM was exclusively granted to promote Integrative Medicine under the policy of the Federation of Complementary and Natural Medical Associations, Malaysia.

I would like to thank all our committee members, especially our Secretary, Dr. Lim Hua An for their time, effort and financial support.

As always, AIMM is on hand to share integrative medicine clinical experiences and outcomes. Please join AIMM in this voluntary exciting journey and be part of a promising future.

Faithfully yours,

Dr. Janethy Balakrishnan Bokstrom
