

AIMM President's AGM Message -2023

We are humbled and thankful for the accomplishments and success achieved in 2022. Please view our social medias and website where we posted our heartfelt appreciation to all speakers, delegates, sponsors, exhibitors and MOH for their amazing participation at our International conference.

It was truly a stunning congregation of diversity and inclusivity of stakeholders in the Integrated Eco-system.

".....Rather, in humility value others above yourselves"

Besides learning from the exciting cutting-edge lectures, it was a momentous joyous atmosphere of camaraderie with like-minded old and new friends.

Kudos to Integrative Conferences (IC PLT) for an incredible world-class production, especially the astounding premiere patriotic performance at the conference.

We also thank IC PLT for their charity (CSR) to the support of special needs group during Christmas last year. This has been such a blessing.

As Pre-event, AIMM launched the Inaugural "Fitness for All", an inspiring merry call for anyone in all shapes and forms to embrace the right form of training as part of a healthy lifestyle.

For the Post-Conference, we had an overwhelming response to the launch of Level 1 certification course in medical cannabis where we believed in not just educating medical practitioners but all interested stakeholders.

"Walk with the wise and become wise"

Hope to see all of you on August 12th , 13th this year at our main event "Primum Non Nocere"(First, do no harm)

"Do to others as you would have them do to you."

Thank you very much for your treasured support.
Yours truly in health and wellness,

Dr. Janethy Balakrishnan
